## ASSEMBLY DISTRICT 1 SNAPSHOT

### Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.

For an interactive map of investments statewide, visit [caclimateinvestments.ca.gov](http://caclimateinvestments.ca.gov)

**\$123.4 million**

Cap-and-Trade dollars implemented within the District through 2018

**49%**

of total funds invested within the District benefiting priority populations

**888**

projects, rebates, and vouchers implemented within the District

**5,123,571**

MTCO<sub>2</sub>e estimated over reduction timeframe

### STATEWIDE CO-BENEFITS

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

Benefits to priority populations include projects that provide direct, meaningful, and assured benefits to disadvantaged communities, low-income communities, and/or low-income households.

## ASSEMBLY DISTRICT 60 SNAPSHOT

### Cap-and-Trade Dollars at Work Across California

California Climate Investments is a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment, particularly in disadvantaged communities.

For an interactive map of investments statewide, visit [caclimateinvestments.ca.gov](http://caclimateinvestments.ca.gov)

**\$64.4 million**

Cap-and-Trade dollars implemented within the District through 2018

**97%**

of total funds invested within the District benefiting priority populations

**2,248**

projects, rebates, and vouchers implemented within the District

**330,729**

MTCO<sub>2</sub>e estimated over reduction timeframe

### STATEWIDE CO-BENEFITS

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

Benefits to priority populations include projects that provide direct, meaningful, and assured benefits to disadvantaged communities, low-income communities, and/or low-income households.

### STATEWIDE CO-BENEFITS

improved  
air quality

reduced  
water use

enhanced  
ecosystems

employment &  
economic development

greater transit  
accessibility

dollar  
savings

Some projects are not located at a single address, and therefore could be attributable to multiple legislative districts. For projects that physically cross multiple legislative districts (e.g., transit projects), the entire project funding and other benefits are attributed to all relevant districts. For projects that report at the census tract level (e.g., vouchers, rebates, and household installations), the entire project funding and other benefits are attributed to a single district, determined by which district includes the majority of the census tract.

Benefits to priority populations include projects that provide direct, meaningful, and assured benefits to disadvantaged communities, low-income communities, and/or low-income households.
